

Drought Stage Press Release

From Justin O. Ramsey
Date Mon 8/3/2026 11:59 AM
To Joshua Pike; Bill Hudson
Cc Andrew Connor ; Renee Lewis ; Justin Stone ; Cyndi Foster ; Kyle Tjelmeland

The Hatcher Reservoir continues to drop, although now at a slower rate due to the rains, the Lake is currently down 28.25 inches. The San Juan River is also dropping again, with current flows down to 14.4 cubic feet per second. Average flows are 149.5 cubic feet per second.

The District will remain in Drought Stage 2.

- Irrigation permitted only between 9 PM to 9 AM based upon address
- Odd numbered addresses may irrigate on odd numbered calendar days while even numbered addresses may irrigate on even numbered days
- Irrigation is permitted Monday – Friday Only. Weekend watering is prohibited.
- Gardens (edible and ornamental) may be hand watered using a hose or drip irrigation.
- Restaurants shall serve water only upon the request of customers.
Hotels encouraged to replace towels and bed linens for new guests and at the request of existing guests.
- **Water rate tier multiplier of 2.0x for residential flows above 4,000 gallons remain in effect.**

The District greatly appreciates everyone’s continued diligence in conserving water. If you have any questions regarding the current Drought Management Plan, it can be found on the website at <https://www.pawsd.org/water-service/water-conservation/>
